

# LEON COUNTY WATER RESOURCES COMMITTEE

## MEETING NOTICE

*The Water Resources Committee is charged with the responsibility to consider the values of the lakes and related water resources of the County, including groundwater, and to provide recommendations to County staff with regard to any necessary or appropriate policies, regulations, management activities, and long-term funding strategies to protect or enhance these values, while considering the various impacts to these resources from accelerated runoff, including flooding and surface and groundwater degradation. (From Resolution R18-33 Reclassifying the Water Resources Committee from an Advisory Committee to a Focus Group.)*
